

My family are listeners as well as financial supporters of K-Love radio. This is the only radio station in this community that has the values, comments and music that I have chosen for my family to listen to. Priority given to LPFM stations would remove K-Love from programming. We DO NOT WANT TO SEE THAT HAPPEN! We believe it is in the public's best interest to keep K-Love on the air as this is the only station of it's kind that is encouraging and positive. If LPFM is allowed to remove stations like K-Love my family will be without this radio station which is teaching my children the morals and character we believe in. Please do not let LPFM take away K-Love! Thanks!
